

RAW Bamboo Bikes

Nature and technology fused

1896 Bamboo Bike

Bamboo Bicycle Company, Wolverhampton

RAW

- 12 month old company
- Bamboo bikes, clothing and accessories
- Based in Manchester
- UK and Europe wide sales
- Frames imported from California
- Bike hire
- Education packs
- Network of re-sellers
- New sports products in development

Strength and Flex

“Who would have thought in the world of high tech titanium bikes that the best bike building material actually grows right out of the ground as the fastest plant there is?”

Ryan Frank is an avid writer living in San Diego, CA.

Green School, Bali

Hong Kong Four Seasons Hotel – Bamboo Scaffolding

Technical Advantages

- Vibration dampening qualities
- Reduced rider fatigue
- Natural flex
- Stiff as steel
- Handles impact better than carbon fibre
- Bamboo's unique flexibility and shock absorbing makes for some of the best suspension on the market
