

Networking Session on

Crop derived bio-renewable materials –
opportunities in the construction sector and
beyond

Nicholas Corker

InCrops Business Innovation Manager

Seconded into InCrops

- Based in the Sustainable Development Division BRE and UEA.
- Natural resource and development mgt.

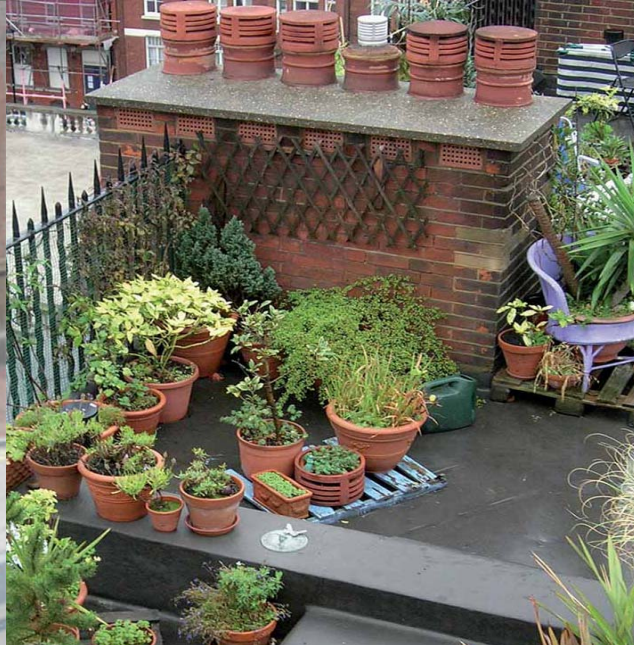

Cardboard, flax and bamboo

Plants as service providers

Points to ponder:

- barriers to market ?
- partnering benefits ?
- routes to commercialisation?
- innovation and development?
- future markets ?
- the InCrops resource ?

Two presentations
15 minutes each:

- Andrew Williams. Director of Ventures at BRE
- Mike Duckett. MD of Hemp Technology
